### SERVICES

**Daily Bookkeeping.** You will never be locked out of your file while we are working in your file. Multi-user access is standard.

**Payroll.** Your accountant can quickly and seamlessly manage and track your payroll, provide reports, and complete required timely filings.

**Accounts Payable & Receivable.** Your accounting professional will oversee your books and provide you with an accurate picture of your accounts and help with cash management.

**Financial Statements.** Monthly, quarterly, and yearly financial statements are easily produced and available at any time.

**Training.** We can easily and quickly shadow you online to provide training and answer questions.

### Online Accounting Overview

Accounting services no longer require in-house staff and all the accompanying overhead expenses and hassles. Advances in technology now allow your accounting professional to securely provide you with accounting and bookkeeping services anywhere in the world. You can access your financial information and applications online, anytime, for a fraction of the cost of in-house accounting.

We work with you to provide customized online accounting solutions using Quickbooks as well as secure data storage and document management.

### HOW IT WORKS

Maris & Associates will work with you to customize a program of services to fit your needs and budget.

We will help you transfer your accounting applications and files to our secure system for shared online access.

When your data is uploaded, you can access it and continue working in your files as if it were running locally.

With our Quickbooks remote access solution, checks can be printed and your books accessed, in real time, anywhere, anytime.
